

PROCTER Polyethylene Litter Bin

A well-known sight around the UK, the traditional litter bin from PROCTER is manufactured from medium density polyethylene. Highly durable, these bins are UV stable and ideal for high traffic public areas such as high streets and parks.

All versions bin feature a removable galvanised steel liner and are available in three standard colours (black, dark green and burgundy).

The base of the bin can be bolted onto the floor in the open top and hooded versions for added security.
