

Rondo Railings

PCD40

Rondo Railings are manufactured from either CHS (circular hollow section) or solid bar vertical members supported on square hollow section posts.

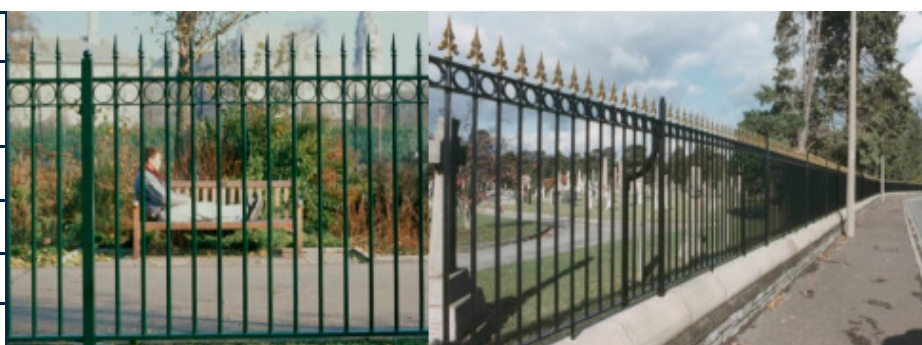

The unique decorative finial heads are added to the system during the manufacturing process to make this a very attractive, yet secure boundary fence.

Available hot dipped galvanised or coated polyester powder coated in any colour. Height up to 3.0m.

Applications

Schools
Perimeter demarcation and security
Offices
Parks
Playgrounds
Residential
